GROUND RULES – CHECK ALL FIVE

- All shuttles need the pre-booked follower pass (France/Italy/Switzerland zones). Passes are bought.
- Roads/parking CLOSED to private cars at Les Contamines, Courmayeur, Champex, Trient, Vallorcine – the bus is the only way in.
- Phones: offline maps of the valley downloaded; power banks charged; this PDF saved to phone.
- Bus times are the **PUBLISHED** clock times – with the 2 h delayed start, **ASK at the first stop** whether shuttles run +2h late, and re-time every leg if so.
- No UTMB shuttle ever runs Chamonix → Les Houches. The car in Chamonix is the only night ride home.

Accuracy: All bus times from the official UTMB follower timetable (French poster, transcribed & verified) – published clock times, **NOT adjusted for the 2 h start delay**. Cutoffs shown assume UTMB shifted them +2h with the start (standard practice, unverified). Corrected vs our earlier infographic: NDG→Chamonix ride is 55 min (not 20).
